My fees depend on distance I'll need to travel, day of the week, and how many hats I'll be wearing for you: am I only your officiant, getting the job done in as simple a way possible? Am I your Celebrant, writing and performing a great love story about you? Am I also your vow editor? Am I also the Master of Ceremonies for your reception?

PACKAGES/PRICE RANGES

Good Enough: \$500 - \$900

You have me do all the basic things a wedding officiant needs to do to conduct a ceremony and make you married, and I do so in my own totally fun, unique, and improvisational style. Your ceremony won't have any pre-prepared love story and it won't have the extraordinary personal touches that the Glorious and Premium packages have, but you'll still have me officiating your wedding in a professional, dignified, joyous way.

- Non-obligatory in-person meeting or phone call
- Performing your ceremony on your wedding day – but *you will not see the ceremony beforehand*
- Advisement on rituals and ideas
- My assistance with rehearsal (same day within 2 hours of the ceremony)
- Coordination with photographers, video team, musicians, DJ, planner, coordinator, venue host
- My travel to your venue and back
- My signature on your license (included with all options)

Add-on: Have me be the Master of Ceremonies for your Reception

Why have the personalization end at the ceremony? No other vendor will know you as well as I will - I can command any room with any number of people, plus I have a good sense of timing in terms of keeping an event on schedule. By the time the ceremony is half-way through, your guests will love me and trust me – why not keep me around for the entire event?
